

EASILY ACCESS AND SHARE INFORMATION WITH THE LOW-COST NETWORK SOLUTION BUILT FOR SMALL BUSINESS

Get access to the information your business needs to succeed.

Imagine what your business could achieve if you could access company information and resources while away from the office. What if your employees could more easily find and share information? With the right technology in place, you can be more productive, feel confident your business information is safeguarded, and better connect with your customers. Our small business solutions feature the Microsoft® Windows® Small Business Server 2003 to help you:

- **Get more done with less**
- **Stay connected to customers**
- **Keep your business up and running and data protected**
- **Above all, get a reliable foundation to build your business on**

Maximize your technology investment.

For a free consultation on what the right computer network can do for your business, call or email us at:

(717) 474 - 3386, or sbs@justgetmad.com

We will help you understand the following:

- Improve your ability to access information, in the office and on the road.
- Quickly and easily share files as well as printers and other devices.
- Enhance the security and reliability of your data.
- Maximize the return on your investment.

Don't worry about technology...just get MAD

IMPROVE YOUR PRODUCTIVITY AND CREATE STRONGER CONNECTIONS

SOLUTIONS FOR SMALL BUSINESS LET YOU FOCUS MORE ON YOUR BUSINESS

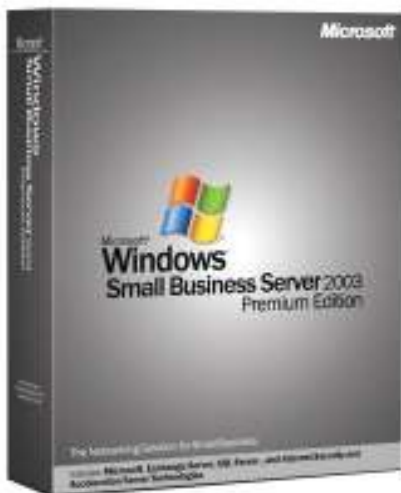

As a small business owner or manager, are you tired of searching for information stored in multiple locations? Recreating work that was accidentally deleted? Worrying about losing vital data that isn't backed up? Swimming through a sea of paper only to not find the key piece of information you are looking for? Not being able to access information while away from the office?

If you answered yes, or have ever experienced any of the situations described above, then it is time to make an investment in your business and your own time and efforts.

With the right technology in place, your information is quickly and easily accessible in one central location. You can retrieve deleted files and be confident that your business information is automatically backed up.

Our small business solutions feature Microsoft® Windows® Small Business Server 2003 to help you:

- Get more done with less.
- Stay connected to customers.
- Quickly and easily share files as well as printers and other devices.
- Improve your ability to access information, in the office and on the road.
- Enhance the security and reliability of your data.
- Keep your business up and running.
- Maximize the return on your investment.
- Above all, get a reliable foundation to build your business on.
